

CSR-1 Registration and 80G Certificate Support by NGOExperts

Introduction

At NGOExperts, we provide end-to-end support for **CSR-1 registration** to help NGOs, trusts, and Section 8 companies become eligible for CSR funding. Along with [CSR-1 registration](#), we also guide organizations in obtaining the **80G certificate**, which increases donor confidence and tax benefits. Our goal is simple: to make statutory compliance smooth, accurate, and stress-free for NGOs across India.

About CSR-1 Registration

CSR-1 registration is mandatory for NGOs that wish to receive Corporate Social Responsibility (CSR) funds from companies. This registration is filed with the Ministry of Corporate Affairs (MCA) and validates your organization's legal and operational status. At NGOExperts, we carefully review your trust deed, society registration, or Section 8 incorporation documents, ensuring full compliance before submission. Moreover, we help align CSR-1 registration with existing approvals like 12A and the 80G certificate to avoid future rejection or delays.

Why Choose NGOExperts for CSR-1 Registration

- Expert handling of CSR-1 registration with complete document verification
- Guidance on linking CSR-1 registration with [80G certificate](#) and 12A compliance
- Transparent process, timely filing, and post-registration support

In addition, we stay updated with MCA guidelines so your CSR-1 registration remains error-free. Whether you are a newly registered NGO or an existing organization planning to receive CSR funds, NGOExperts ensures a professional and reliable compliance journey. With our experience, you can focus on social impact while we manage the legal groundwork.
